THE CRESCENT CITY NEWS.

Crescent City

crescent City

is one of the most beautiful locations in Florida. The town is in the southeasern part of Pultuamisualty, 5 miles from Palatika, and is reached by either steamer or railroad. Crescent City lies on high ground which rises gracerably from the west bank of Crescent Lake, a rolly from the west bank of Crescent Lake, a rolly from the west bank of Crescent Lake, a rolly from the west bank of Crescent Lake, a beautiful sheet of cloar water is mide in length beautiful sheet of cloar water is mide in length beautiful sheet of cloar water is in the his mide in length beautiful sheet of the many from the town and grove loog, the former countituiting a portion of the town between two likes—lake Crescent on the case and lake Stella on the west. The level of take Stella is at feet inher than that of lake Crescent thus affording perfect drainage. The water of lake Stella on the west of the countries perfect drainage. The water of lake Stella has its source in apr lings and is kept absolutely nive by the town authorities who have made it a misdemeasure to in any way contaminat it.

The Plant System Ballway touches the west make it as well is not any way contaminat it.

The Plant System Ballway touches the west mide is from the town and of the town and Crescent City Justice, the side of the most deligniful water rides in the whole country, and the passengers who takes this trip is beld entranced from start to stimule and the many and the passenger who takes this trip is beld entranced from start to stimule and there is a point aims mides south of Palatka to stimule and there is a point aims mides south of Palatka of Syrbes, and and palameth—a very large of the palate in the whole country, and the present former is point and there is no south of Palatka of Syrbes, and and palameth, and prespect of the palate is a start of the palate.

The river and the steamer country of the palate is the start and the palate is a start and the palate is

The streets are lined with since trees and the native live oaks, and broad shell walks are laid on the principal streets. Bioycle paths lead in many directions.

Parties in Crescent City desiring to sub-scribe for this paper or wishing to renew their subscriptions thereto, may leave their names and money with Mr. E. D. Lounds at the postoffice who is our authorized agent.

winter sport. Crescent City doesn't do much in the way of making

deal of the country.

W. B. Shotwell is arranging to build several small row boat for the convenience of those of our regular winter visitors who would appreciate having a light boat of their own for fishing excursions, etc. Heretofore there has been no one to supply this demand and many of our visitors have been put to no little inconvenience to secure a boat. Mr. Shotwell is an expert boat builder and hopes to have several ready before the people reach here for the winter.

Jamaica, New York, and thorough datal. Early in June the state health and enormous local trade. The boxes what was feared to be a case of small-pox near Perham, Minn. The parismt, Robert Schram, died after an illness of three weeks, and later another brother died with similar symptoms. Learning that the young man had been exposed to glandered horses, it was believed that they only somewhat on his mettle, drew out a real of bills, and peeling of a century on the payer picked up the health, should watch for the first symptoms. Learning that the young man had been exposed to glandered horses, it was believed that they prove the was assured that no offence was health eath department was asked to diagnose what was feared to be a case of small-pox near Perham, Minn. The parismt, Robert Schram, died after an illness of three weeks, and later an illness of three weeks, and later an illness of three weeks, and later an offence weeks, and later an illness of three weeks, and later an illness of three weeks, and later an illness of three weeks, and alter an illness of three weeks, and later an illness of three week

Mrs. C. L. Chamberlain sustained quite a painful injury through a fall fined to the house since.

Wade, report that one night recently some native white men of that section appeared before the packing house in which they were at work and discharged their shot guns at the ouilding, probably as a warning that imported colored labor was not welsome to that section. As none of the unds have returned it is probable hat the colored bands were not seiously alarmed at the implied hreat.

Quite a number of our people drove Fruitland last Sunday to attend he annual camp meeting now being ield under the auspices of the Fruitand and Volusia circuit, M. E. hurch, south. Very many more will go next Sunday, which will probably be the last day of the meetng. The attendance last Sunday was good and excellent sermons were preached by pastor Summers. Other clergymen will probably be present text Sunday.

Crescent City is the best peach producing section of Florida, Said Mr. Frank Buck, a tonn who has he peach growing section of New Jersey: "I consider the high ridge along the cast shore of Lake Crescent an ideal peach growing section. I spotted it as excellent fruit growthat year I bought a tract of land and set out a peach grove, putting the trees between the small orange crees that had already been set out on the place. For four years after the trees began to bear I had big rops of lucsions Waldo and Angel peaches which I sold at a good profit. The orange trees had then grown so arge that I had to cut the peach trees down to make space for ranges, else I would be in the peach msiness yet. This is a great peach

----Fine Crop of Potatoes.

The past season has been generally renounced as particularly unforturate for growers of sweet potatoes, owing to the lorg drouth of the sumner, and the prediction has frequently been made that there would be a
